Training Minds, Placing Talents

Learn | Build | Grow

A MESSAGE FROM **OUR FOUNDER**

“

At Knowletive, we believe that **education** is not just about acquiring knowledge, but about building the **right skills, confidence and mindset** to create a better future.

Our goal is to bridge the gap between learning and real career opportunities by providing practical training, industry-relevant skills and personalized guidance to every learner.

I invite you to be a part of this journey where learning meets opportunity, and dreams turn into careers.

*Let's learn, grow and build
a brighter future together!*

Manoj Kulkarni

- Data Analysis & Visualization
- Pandas, NumPy, Matplotlib, Seaborn
- Machine Learning (Supervised & Unsupervised)
- Deep Learning (Neural Networks)
- NLP & GenAI Concepts
- Model Deployment
- MLOps Basics
- Real-World AI/ML Projects

MERN Stack

Build Modern Web Applications

Master the complete MERN stack and create dynamic, scalable web applications with real-world projects and industry best practices.

What You'll Learn

- HTML, CSS, JavaScript (ES6+)
- React.js (Components, Hooks, Router)
- Node.js & Express.js
- MongoDB (CRUD, Aggregation)
- REST APIs & Authentication
- State Management (Redux/Context)
- Project Deployment
- Full Stack Projects

Data Analyst

Analyse Data. Create Impact.

Learn to collect, clean, analyse and visualize data using industry-standard tools. Turn data into meaningful insights and reports.

What You'll Learn

- Excel (Basic to Advanced)
- SQL (Queries, Joins, Functions)
- Data Cleaning & Transformation
- Data Visualization (Power BI)
- EDA & Statistical Analysis
- Dashboard Creation
- MIS Reporting
- Real-World Case Studies
- Business Problem Solving

Java Full Stack

Build Scalable Enterprise Applications

Learn Java and modern web technologies to build powerful, secure and scalable full-stack applications from scratch to deployment.

What You'll Learn

- Core Java & OOP
- Spring Boot (REST APIs)
- Hibernate & JPA
- MySQL / Database Concepts
- HTML, CSS, JavaScript
- React.js (Frontend)
- Microservices (Basics)
- Deployment (AWS / Render)
- Full Stack Projects

— **WHY CHOOSE KNOWLETIVE?** —

Hands-on Practical Training

Work on real projects, not just theory.

Expert Mentors

Learn from industry professionals.

Placement Support

Resume building, interview preparation & career guidance.

Certification

Showcase your skills with a recognized certificate.

Lifetime Support
